

THE GASLIGHT GAZETTE

2024

HAPPY ECLISPE DAY! We had a great meeting this last Saturday. Lots of discussions on various topics.

The Redneck Roundup was discussed which is the Saturday April 13, All money and donations will go to the Gifts of Hope in Midland. Our Club will also be doing a donation for this event. It's a great cause. We have had several in the club that have battled Cancer and this is also for them. I don't think there is anyone in the club that hasn't been touched by cancer in some form, either a friend or a family member.

The Pate Swap meet is just around the corner April 25 to the 28th. Several signed up to work the event and if you would like to work please contact Dale Dawson 432.634.6094, we still have a few open spots that need someone to cover them. If you have never been to Pate you will be amazed at the size once you see it.

The Grande Ole Tour was discussed and a committee was formed to decide on a location and date for the tour this October. This Tour has been going on for over 50 years it's lots of fun and fellowship. Just ask those that have attended they will tell you it's a great time.

It was discussed and voted on to purchase the club members shirts. Tori and Karen are looking into prices and will need your sizes so a Quote can be done.

Hope to see you next meeting: MAY 4 2024 JASONS DELI ODESSA

Dear Fellow AACA member, past Tour participant, and/ or car enthusiast-

Greetings from the Texas Region! We hope that you are all doing well and getting ready to take these beautiful cars out for some spring tune up tours!

This year is the **70th Annual Texas Tour**. It'll be hosted May 16-19, 2024, in Granbury for the first time EVER! Our Tour is jam packed with activities for touring, enjoying the sites, and fraternizing with fellow enthusiasts. To play up the 70th anniversary, we are going to roll back the clock and celebrate the 70s! We had so much fun with our shirt designs, we picked two options this year- only available pre ordered!

We have several private car collections, Comanche Peak, Glen Rose and a trip around the racetrack in Cresson on our agenda. Other fun spots, judging, and themed nights will round out our yearly adventure. Silent auction and raffle items are welcome. This year the quilt is a red, white, and blue delight.

Kids and grandkids are ALWAYS welcome. We are a family friendly tour and offer a lot to the next generation! Our son Charles was 11 months old on his first Texas Tour in Nacogdoches and now he's 6. Charlie Sr. is 93 and still coming. We want everyone young and old to enjoy the tour when and how you can. There's always someone who has an open seat, if you want to ride.

We look forward to seeing you in May!

Tentative Schedule

Thursday evening - Join us for a social event with beverages and a light snack, car judging

Friday - Tour participants will have a light continental breakfast at the Comfort hotel or can purchase a full breakfast at the Hilton Garden Inn. Please see the judging form for some new updates for this year! All are welcome to check out the cars or peruse the downtown. Participants will then travel to Comanche Peak followed by a trip around the racetrack in Cresson and late lunch on your own in Glen Rose.

Friday evening - Dinner and fun at the convention center. Wear your best 70s attire for this flashback to Texas Tours of year's past! Are you still groovy? Can you sport some fringe and tie dye? We want to see your best Charlie's Angels and the Partridge Family for our own informal style show!

ENTRY FORM
For the Best Owner-Restored Car on the Texas Tour**

YEAR _____ MAKE _____ JUDGING CLASS _____
OWNER _____ CAR NUMBER _____

An owner-restored car is one that was largely restored by its current owner and not by a professional. For the car to be eligible for this award it must be at least 25 years old, the owner must have personally performed at least 2/3 (67%) of the restoration, and must not be a professional in automotive restoration work. (A professional is a workman who is compensated in some manner for doing a particular type or phase of automotive repair or restoration work.)

The owner shall assess the percentage of work personally performed in the restoration of each category listed below. (Omit categories that do not pertain to your car's restoration.) The average of the categories involved shall be added to the score from the class judging. The highest combined total will determine which car is the best restored with the greatest amount of work performed by the owner.

NOTE: Machine work is beyond the capability of the majority of owner-restorers. So, for example, if the owner did ALL of the disassembly and reassembly of, say, the transmission or the engine (which also may have required professional restoration machine work) he may consider that he has done 100% of that category restoration.
